

Quests of the Rogue Order

Host a Local Tournament

Summary:

Every community can benefit from a few lightsaber tournaments. Now is your chance to serve your fellow order members and neighbors in your community by hosting your own tournament! Don't worry, it is a piece of cake!

If someone would like to participate in this sport, they can quickly become a serious contender! The rules of saber dueling are easy to understand, numerous online saber smiths and vendors provide top-quality sabers, and thanks to the RSA and other schools, training can be free!

Community Impact:

Local sports and healthy competition go a long way to provide young people and adults alike an opportunity to befriend other community members, push themselves to improve mentally and physically, and grow in character through defeat, challenge and hard-earned victory. Such community activities help combat gang activity, poor school performance and obesity.

Steps & Instructions:

- Use the Rogue Saber Academy's online [Tournament Creation Form](#) to create a new tournament in your area! This will automatically invite all RSA students near you to the event.
- Locate a link to the "Tournament Organizer Packet" file on the schools "[Tournaments](#)" page.
- Print off a physical paper copy of that packet so that you can bring it to the event and fill out forms within it to help you organize your participants into brackets. Simply follow the easy steps in the packet to be a great host!
- Immediately after the event, locate the link to your tournament at the top of your "[My Account](#)" page. Click on the button to view its details.
- At the bottom of the pop-up message, click on the "Follow-Up Form" button. Fill out the short Follow-Up Form to ensure that the tournament winners receive their digital prizes. You will also earn a prize and recognition for completing a quest at the same time!
